ARTWORK GUIDELINE | CAD-CUT VINYL

SLEEVE
7x10 cm approx.

BREAST
10x10 cm approx.

FRONT
29x21 cm approx.

FRONT/BACK
30x40 cm approx.
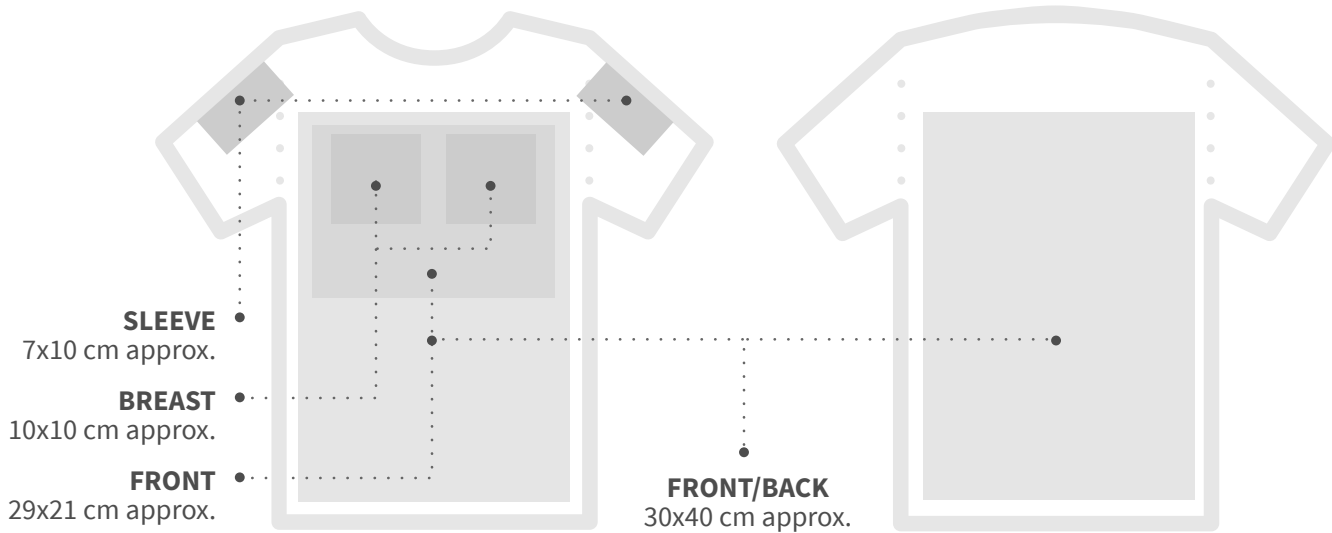

GUIDELINES

VECTOR

RESOLUTION
The file must be vectorised.

.Ai
.PDF

FILE FORMAT
Editable and outlined files in Adobe Illustrator. If possible, **.ZIP** compressed.

VINYL
(XPRES)
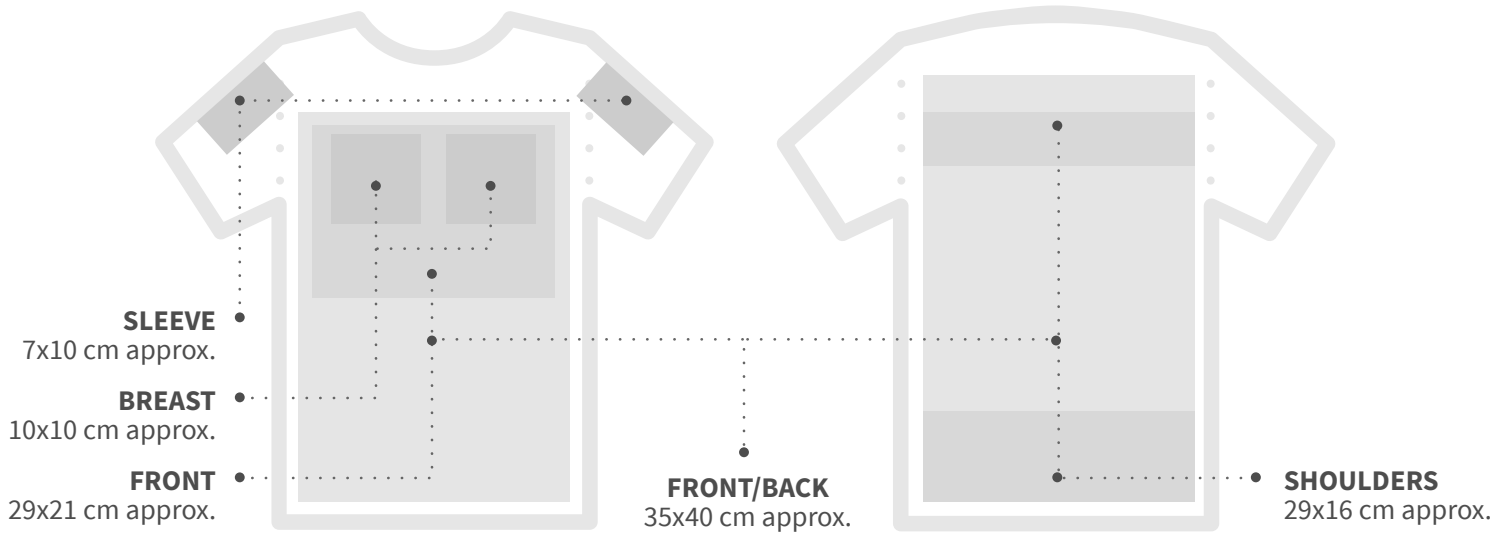

COLOURS
We use **XPRES SUPER FLEX** vinyl.

NOTES

- Elements should have at least 5 mm of height and width in order to cut them.

- Printing on the seams is not possible.

- The vinyl colour will be selected from the available colours in the workshop, choosing the most similar one to that of the design.

- Printing size is limited by garment size and may have to be adjusted with no further notification.

ARTWORK GUIDELINE | SCREEN PRINTING

SLEEVE
7x10 cm approx.

BREAST
10x10 cm approx.

FRONT
29x21 cm approx.

FRONT/BACK
35x40 cm approx.

SHOULDERS
29x16 cm approx.

GUIDELINES

300 DPI

RESOLUTION

The better resolution your file has, the better the quality of the printing or embroidery.

.PDF | **.Ai** **.EPS**

FILE FORMAT

Recommended file formats to export images or designs for printing.
Also editable and outlined files in Adobe Illustrator. If possible, **.ZIP** compressed.
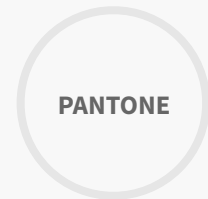

PANTONE

COLOURS

Coated PANTONE colour references are used.

NOTES

- We recommend orders of minimum 25 units per design.

- Every design should have the same size, otherwise screens must be charged for each specific size. If PANTONE colours are not specified, we'll choose the closest colour match.

- Printing size is limited by the smallest size of the particular garment.

ARTWORK GUIDELINE | EMBROIDERY

SLEEVE
7x10 cm approx.

BREAST
10x10 cm approx.

FRONT
29x21 cm approx.

SHOULDERS
22x16 cm approx.

GUIDELINES

300 DPI

RESOLUTION

The better resolution your file has, the better the quality of the printing or embroidery.

.JPG
.PNG
.PDF
.Ai
.EPS

FILE FORMAT

Recommended file formats to export images or designs for printing.
Also editable and outlined files in Adobe Illustrator.

PANTONE
(MADEIRA CLASSIC)
CMYK
#HEX

COLOURS

PANTONE colour matching is not possible. We use **Madeira Classic** threads.
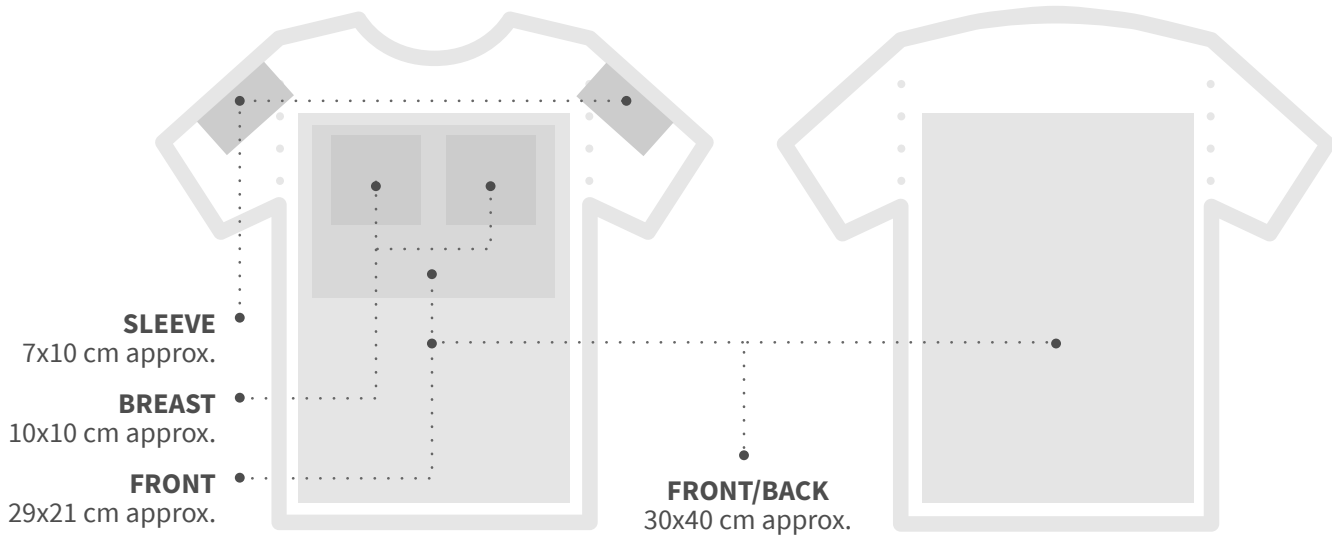

NOTES

- We recommend orders of minimum 10 units per design.

- Some small details may be lost with embroidery

- Thread colours have their equivalent PANTONE colour code, but they're not exactly the same. We work with **MADEIRA CLASSIC** threads.

- The final embroidery size will be checked and approved with the client after the digital artwork is done.

ARTWORK GUIDELINE | DIRECT TO GARMENT OR DTG

SLEEVE
7x10 cm approx.

BREAST
10x10 cm approx.

FRONT
29x21 cm approx.

FRONT/BACK
30x40 cm approx.

GUIDELINES

300 DPI

RESOLUTION

The better resolution your file has, the better the quality of the printing or embroidery.

.PNG
.TIFF
.PDF
.PSD

FILE FORMAT

Recommended file formats to export images or designs for printing with transparency. Editable layers in Adobe Photoshop. If possible, **.ZIP** compressed.

CMYK

COLOURS
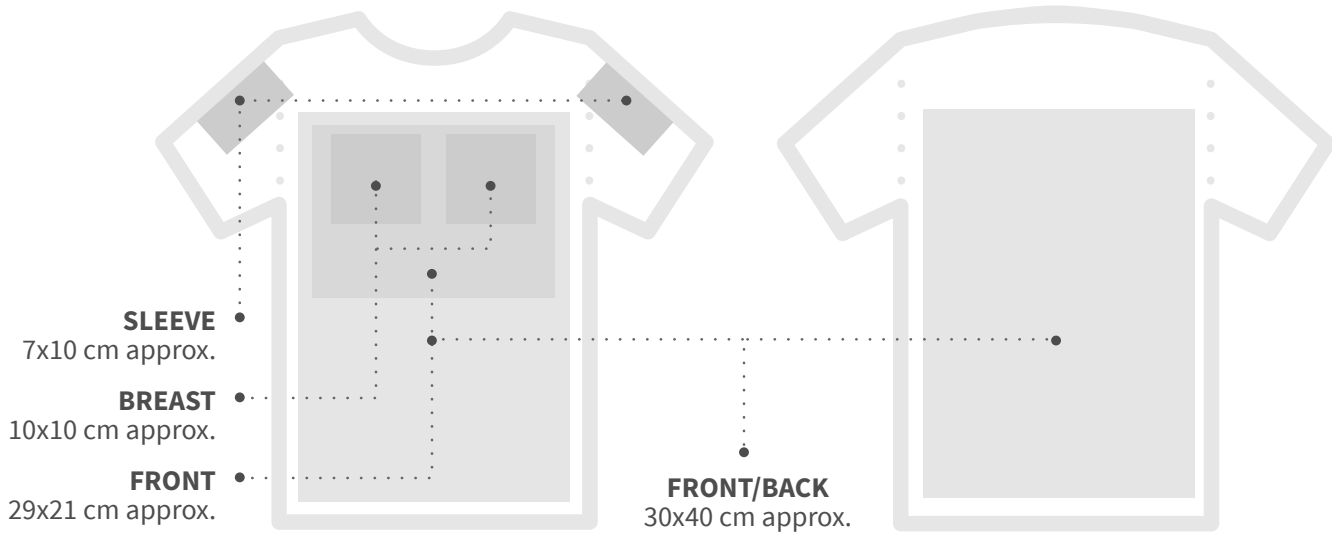

CMYK colour mode is used for printing.

NOTES

- We recommend orders from 11 units per design, due to our price break structure.

- There may be colour variations between garments made within the same order or a previous order, as it depends on the moment the printing is done, the fabric and composition of the garment.

- For garments made of between 80% - 100% cotton.

- Printing size is limited by garment size and may have to be adjusted with no further notification.
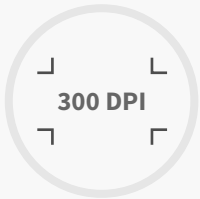

ARTWORK GUIDELINE | POSITIONAL SUBLIMATION

**SLEEVE**
7x10 cm approx.

BREAST
10x10 cm approx.

FRONT
29x21 cm approx.

FRONT/BACK
30x40 cm approx.

GUIDELINES

300 DPI

RESOLUTION

The better resolution your file has, the better the quality of the printing or embroidery.

.JPG **.Ai** **.EPS**
